3. Buy-in & Participation: Recommendations

Valuing the Process

• Need to ensure that all TIBC members value the formulation process by updating TIBC protocol. **This is on agenda next.**

• Reduce the number of meetings and streamline and reformat the remaining meetings. **Done.**
3. Buy-in & Participation: Recommendations

• Ensure that the Subcommittees are reporting out only when they have a decision point.
• Need to ensure that the goals and purposes of the non-standing subcommittees are clear.
• Ensure that marketing of TIBC to tribes is more consistent.
• Ensure that the tribes are involved in selection of their TIBC rep and feel a part of the process.

Included in protocol changes.

• Ensure that federal partners make a commitment. Letter being drafted.
• Federal partners from each of the budget programs (especially the priority areas) should use TIBC as an opportunity to report-out on the programs, budget, etc. Added to agendas.
4. TIBC Protocol & Management: Recommendations

New Member Orientation

• Recommend development of an orientation program for new TIBC members. **In person orientation done this week. Follow up webinar recording in process.**

Meeting Facilitation, Tracking, and Follow-Up

• TIBC should conduct a process to identify coordination gaps that exist between the roles of TIBC, BIA and NCAI. **In progress.**
• Ensure that the role of TIBC is articulated. **In Guidance and Orientation.**
• Ensure that the budget process is clearly laid out for reps. **In Guidance and Orientation.**
5. Comprehensiveness of Budget Exercise: Recommendations

- Create a more comprehensive process by expanding the scope of the budget consultation at the DOI and all-of-government levels. **DOJ involvement.** Requested at OMB meeting.

7. PROCESS CHANGE OPTION 1

Move the annual TIBC budget formulation process to a bi-annual process.

Adopted pending second approval at the April 2019 TIBC meeting.
8. PROCESS CHANGE OPTION 2

Elevate, Refocus and Narrow TIBC’s Mission. Create a STAC with TIBC as a Subcommittee

Approved on a conceptual basis with details to be worked out and approved at a later TIBC meeting.
9. INCREASE SCENARIO

• The Budget Subcommittee has reviewed a new approach to distributing an increase in future budget increase exercises.

• The formula would distribute increases among the top-ranked programs in a manner that is weighted by:
  • 1) Priority level
  • 2) Size of program

• Decision: the Budget Subcommittee will evaluate different options for specific allocation of increases to TPA, CSC, and TPA-like programs.
9. DECREASE SCENARIO

• TIBC should conduct a process to determine whether or not TIBC will engage in a decrease scenario exercise. Depending on the decision of the TIBC reps, create a formula for handling the decrease scenario.

• Decision: TIBC will not officially refuse to engage in the decrease scenario exercise but reserves their prerogative to make this decision on an annual basis.
