

NATIVE SMALL BUSINESS GRANT OPPORTUNITY

The National Congress of American Indians (NCAI) supports self-determined Native individuals. We recognize them as the threads that sustain the cultural fabric of a community. They are holistic leaders and knowledge carriers that seek and share knowledge and skills; inspire and motivate others; and support themselves and their families.

SMALL BUSINESS STABILIZATION GRANTS

Native-owned small businesses serve as the lifeblood of many tribal communities across the country, providing critical jobs and income to tribal citizens and their families while at the same time enriching the quality of community life by providing goods and services to local residents and the public at-large.

With generous support from Google.org, NCAI is issuing **business stabilization grants in the amount of \$5,000 each** to a total of **28 selected Native-owned small businesses** that have been severely impacted by the curtailing of commercial activity caused by the COVID-19 pandemic. Awarded applicants can use the funds to address their most urgent needs to stabilize and strengthen their businesses, such as (but not limited to):

- making monthly payments on small business loans that have lapsed due to declining business revenues;
- keeping employees employed;
- paying their vendors; and/or
- purchasing equipment/software to transition or grow their businesses online.

Please see the application guidelines below.

GRANT AMOUNT: \$5,000
