The substantive issues and recommendations are also covered by another resolution for 2017
midyear conference. MOH-17-003, Support for Amber Alert in Indian Country Act of 2017.

Recommendations:

Multiple resolutions are submitted on a single issue, MOH-17-003 & MOH-17-023; the resolutions should be considered together and combined so NCAI has a single position on the issue.

The National Congress of American Indians Resolution #MOH-17-003 DRAFT

TITLE: Support for AMBER Alert in Indian Country Act of 2017

WHEREAS, we, the members of the National Congress of American Indians of the United States, invoking the divine blessing of the Creator upon our efforts and purposes, in order to preserve for ourselves and our descendants the inherent sovereign rights of our Indian nations, rights secured under Indian treaties and agreements with the United States, and all other rights and benefits to which we are entitled under the laws and Constitution of the United States, to enlighten the public toward a better understanding of the Indian people, to preserve Indian cultural values, and otherwise promote the health, safety and welfare of the Indian people, do hereby establish and submit the following resolution; and

WHEREAS, the National Congress of American Indians (NCAI) was established in 1944 and is the oldest and largest national organization of American Indian and Alaska Native tribal governments; and

WHEREAS, according to data produced by the Federal Bureau of Investigation, there are 7,724 American Indian children listed as missing in the United States; and

WHEREAS, there is currently no comprehensive plan for providing AMBER Alert Communications Plans to Native American communities. Children do not enjoy the same protection and access to critical resources in the aftermath of an abduction; and

WHEREAS, the Department of Justice (DOJ) ran a pilot program that offered AMBER Alert training services to Native American tribes in 2008, but only 10 pilot sites were given funds to create their own AMBER Alert programs; and

WHEREAS, assessment of tribal capabilities related to implementation of AMBER Alert plans within their communities, as well as the development of agreements between tribal and State and Regional AMBER Alert Plans are needed. This process would identify gaps in technology, infrastructure, policy, resources and training necessary for tribes to effectively comply with State and Regional AMBER Alert Plan requirements and best practices; and

WHEREAS, technical assistance to communities to help develop and sustain programs with State and Regional AMBER Alert Plans are needed, by developing community leaders who support these programs and encourage tribal leaders, public safety and others to continue programs through turnover, elections and political change. This process would involve developing implementation plans for each community that address missing, exploited and abducted child issues; and

WHEREAS, access to training and technical assistance programs to build capacity are needed as Tribes do not have access to training and technical assistance in the area of missing, endangered, abducted and exploited children to the extent that their state and local partners do; and

WHEREAS, on May 2nd, 2016, eleven-year-old Ashlynne Mike and her younger brother were abducted near their home in Shiprock, New Mexico, on the Navajo Reservation. Ashlynne's nine year old brother was able to escape their abductor and run through the desert to seek help and then assisted in the search for his sister. Tragically, Ashlynne was brutally murdered by their abductor before help could arrive; and

WHEREAS, in response to the abduction and murder of Ashlynne Mike, the *AMBER Alert* in *Indian Country Act of 2017 (S. 772)* was introduced by Senator John McCain on March 29, 2017. Congressman Andy Biggs (R-AZ-1) will introduce companion legislation in the U.S. House of Representatives on National Missing Children's Day, May 25, 2017; and

WHEREAS, the AMBER Alert in Indian Country Act of 2017 would Amend the PROTECT Act, 42 U.S.C. 5791C and expand the AMBER Alert child abduction warning system on Native American reservations by clarifying that Indian tribes are eligible for Department of Justice (DOJ) grants that help assemble AMBER Alert systems for law enforcement agencies; and

WHEREAS, the AMBER Alert in Indian Country Act of 2017 would make the AMBER Alert initiative permanent and enhance DOJ oversight of how the grants are used. The legislation would also reauthorize the DOJ grant program that assists state and local governments in developing and implementing AMBER Alert communication plans, which are used by law enforcement agencies to expedite child abduction alerts to the public. This legislation would also require the DOJ to perform a needs-assessment of AMBER Alert capabilities on Indian reservations. Lastly, this legislation authorizes DOJ the discretion to waive a requirement for tribes to contribute at least 50% of the cost for a grant and expands the definition of Indian Tribe to include Alaska Native regional corporations and Alaska Native village corporations.

NOW THEREFORE BE IT RESOLVED, that the National Congress of American Indians does hereby support the *AMBER Alert in Indian Country Act of 2017*;

BE IT FURTHER RESOLVED, that the NCAI does hereby resolve to advocate for the passage of the *AMBER Alert in Indian Country Act of 2017*;

BE IT FINALLY RESOLVED, that this resolution shall be the policy of NCAI until it is withdrawn or modified by subsequent resolution.

CERTIFICATION

The foregoing resolution was adopted by the General Assembly at the 2017 Midyear Session of the National Congress of American Indians, held at the Mohegan Sun Convention Center, June 12 to June 15, 2017, with a quorum present.
