BIA/Tribal Budget Advisory Council

The Indian Affairs/Tribal Budget Advisory Council was established in 1999 to facilitate tribal government participation in the planning of the BIA budget and includes two tribal representatives from each of the 12 BIA regions.

The mission of the IA/TBAC is: to provide an advisory government-to-government forum and process for Tribes and the Department to develop budgets that allow for the fulfillment of tribes' self-determination, self-governance, sovereignty, and treaty rights, as well as sufficient levels of funding to address the needs of Tribes and their tribal citizens.

If you have any questions about the documents or this website, contact Amber Ebarb at NCAI at aebarb@ncai.org.
