

National Congress of American Indians

STRENGTHEN THE CIRCLE - REFER A MEMBER

The National Congress of American Indians (NCAI), founded in 1944, launched its largest membership campaign in history on February 23, 2003. The **Strengthen the Circle** campaign will reinforce our strong and unified presence in Washington D.C. and the nation. The most critical component of this campaign is the Refer a Member initiative. If every member of NCAI referred three others for membership, we would have an individual membership base of over 4,000! **You can help us reach our goal by making referrals for membership.** If one of your references becomes a member you are entitled to an exclusive **NCAI lapel pin**; If two of your references becomes a member you are entitled to a NCAI **window decal** and a NCAI lapel pin; If all of your references become a member you are entitled to **NCAI T-shirt, window decal, and a lapel pin.**

lapel pin
