The U.S. Department of Agriculture (USDA) offers a variety of programs that Tribes, Tribal Leaders, and Tribal Citizens are using. From local food programs to housing opportunities to business, infrastructure, and conservation, USDA offers programs to cover the needs of rural America, including Indian Country.

This event is designed for conference attendees to get answers to questions about USDA programs and technical assistance that support construction, infrastructure, home ownership, food sovereignty, farmers markets, and more. Bring your priorities, and learn how USDA can help make them a reality!
