Backlog Initiative

Overview: Currently 370 projects that have been funded for >3 years. Each project consists of one-to-several deferred maintenance deficiencies.

Backlog Initiative: OFPSM and the OCFO are coordinating a focused review of specific schools with aged funded projects to confirm status, scope of deficiencies, and coordinate corrective action. Will initially focus on projects funded >3 years, then those between 2-3 years (322).

Initial Reviews (Proof of Concept):

- SIPI
- Haskel
