27. The listed increase amount reflects the recommendations of the IHS Tribal Budget Workgroup, however this figure is considered to be an estimate. In the FY 2016 President's Budget Request, the IHS identified \$800 million to fund all contract support requirements in FY 2017. As this line item is identified as a Binding Agreement, and notwithstanding the estimated funding level by IHS, the appropriation should include such sums that are necessary to fully fund this contractual requirement, realizing that the exact amount will not be known until closer to the appropriated fiscal year.
